Selection

- Applicant ranking needs revisiting

“Why do I always pick Mr Wrong?”

Training for the future

- Back to Hippocrates-
core values are constant
in future
- Much to learn from the
primary health care
team

On line learning

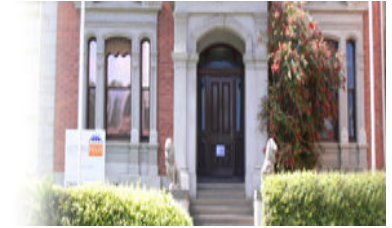

- Way of future
- Life long learning
- Readily embraced by registrars

I wish I knew what I was doing

IMGs

- Peer based support
- Individual needs addressed to maximize potential
- Integrate with GP training environment

North Coast GP Training Ltd.

Sexing up MEs

- Cooperation and competition consolidates cognition
- Educational games to involve challenging learners

Plans

Strategic

- Living document
- Owned and understood

Learning

- Know the registrars
- Workable format
- Change name

Remediation in the bush

NEATS

- Evidence based
early intervention

Fostering research

- Each RTP to establish a research committee

Balanced training

- Inducting- early observation = early support >
- Training- better

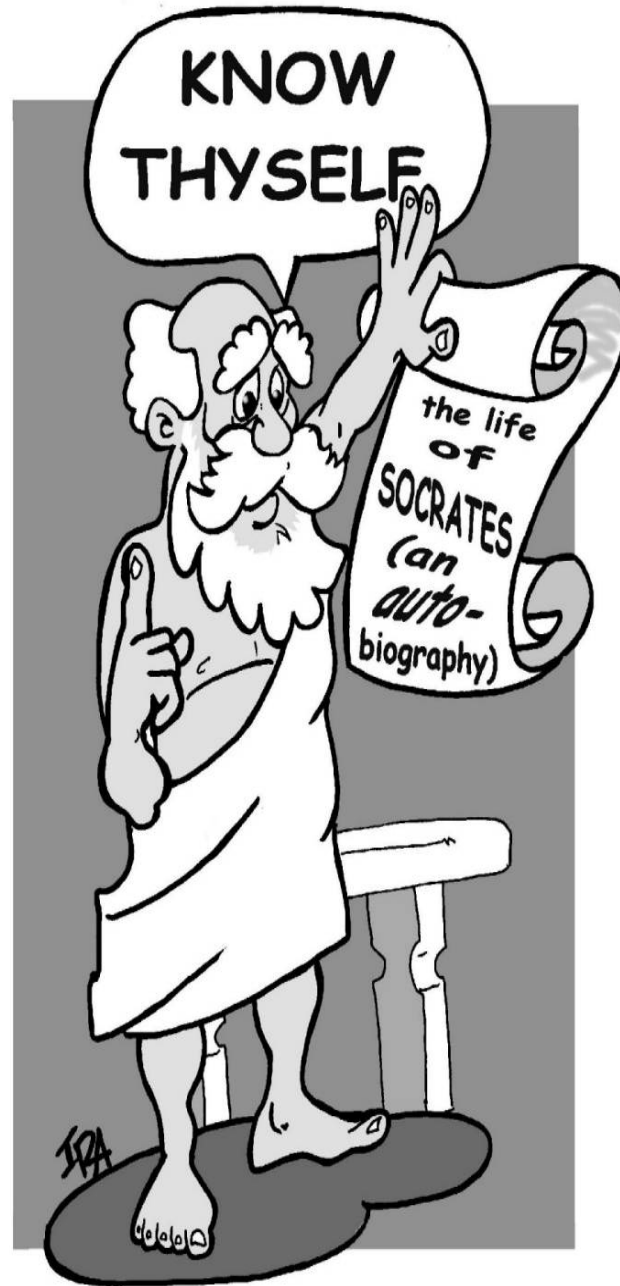

Who the bloody hell is violet?

- Virtual
- Ideas
- Outlet
- Library
- Education
- Training

The local deli for MEs

"The unexamined life is not worth living."

Death of Socrates
